Pumps for house and garden

Garden 1000M 230V

self-priming centrifugal garden pump

Features:

- Self-priming electric centrifugal pump with an integrated injector, which can also pump gases dissolved in the water while priming
- With a carrying handle
- Self-priming up to 8 m
- Quiet-running
- Suction and pressure connections with a 1-inch female thread
- Diffuser and injector made of thermoplastic material suitable for drinking water
- Stainless steel filling and drain plug

Application:

- Water supply in domestic installations
- Small-scale irrigation systems
- Washing systems
- Transferring liquids from tanks etc.
- Pumping of clear water free of aggressive and abrasive constituents
- Garden irrigation

Product benefits:

- Smooth running
- Stainless steel pump housing
- Lifetime-lubricated motor bearings
- Self-priming up to 8 m
- With a carrying handle, fully wired and equipped with an on/off switch

Scope of delivery:

- Completely wired including mains cable H05 RNF, 1.5 m long, with ON/Off-switch

Technical data:

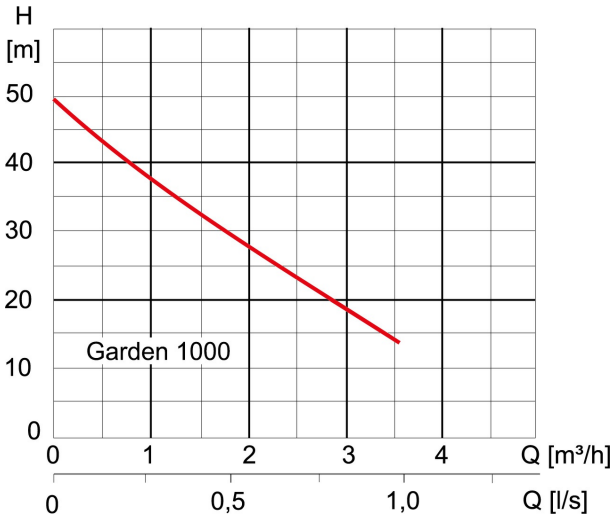
Characteristics:



Materials:

Material impeller:	stainless steel AISI 304
Seal pump:	mechanical seal carbon/ceramic/NBR
Material motor housing:	Light metal L-2521
Material pump housing:	stainless steel AISI 304
Material motor shaft:	stainless steel AISI 316
